Class Tuition Fees

All of our classes are billed in advance on the 1st of the month (September-July). They are taken by recurring card payment. Each 45 minute class is charged at £17.30 per month and each 30 minute class is charged at £15.55 per month, with a discount given of 5% for those attending more than one class per month. The fees are based on 38 weeks of tuition across the academic year and we take our holidays at the same time as the Gateshead school calendar. This could mean that some months such as April, there will be less classes to attend than other months, but it evens itself out across the year.
